

# 2011-2012 Alaska Drawing Permit Hunt Supplement

**Beginning in November 2012, applications will be accepted online only.**

## ATTENTION ALL HUNTERS!!

- There is only ONE application period for ALL drawing permit hunts offered by ADF&G. ALL available hunts are listed in this supplement.
- All drawing permit hunts listed in this supplement take place in 2011, unless designated as 2012.
- You may apply online beginning November 1 and ending December 31 at 5 p.m. (AST).
- Paper applications will only be accepted if postmarked on or before November 30.
- Only one paper application and one payment per envelope.
- **Changes to paper applications are no longer accepted. Online applicants may personally change their online applications until the final application deadline.**
- Drawing results will be announced by February 25.
- **Application fees will not be refunded for antlerless moose hunts cancelled because hunts are not authorized by local advisory committees.**

## Read this section BEFORE applying

- **The number of permits actually issued may be adjusted up or down depending on the outcome of the most recent population surveys. Many of these surveys are not completed until after the publication of this supplement.**
- The number of permits may also be adjusted due to administrative reasons.
- Last year, if you did not return any permit hunts report (Drawing, Tier I, Tier II or Registration), even if you claim the postal service lost your report, you will be ineligible for **all permit hunts for the next regulatory year, including all drawing hunts listed in this supplement.**
- You must obtain or have applied for an Alaska hunting license prior to applying (except Alaska residents 10-15 years of age).
- A hunter must be 10 years of age or older by the starting date of the hunt to obtain a permit.
- Each hunt is assigned a unique hunt number. Use only hunt numbers listed in this supplement. The complete number must appear on the application.
- You may apply for the same hunt number only once on all individual and party applications combined.
- You may submit up to three (3) different hunt numbers per species on all individual and party applications combined.
- No person may receive more than one drawing permit per species per regulatory year. Permits are not transferable.
- If you received a drawing permit last year, you are ineligible to receive a drawing permit for the same hunt this year.
- If you were issued any Koyukuk Controlled Use Area (KCUA) moose permit last year, you are ineligible to receive a drawing permit for any KCUA moose hunt this year.
- Guided nonresident Koyukuk Controlled Use Area (KCUA) moose hunters may not apply for both KCUA hunts.
- Nonresident moose hunters may not apply for both Unit 21E moose hunts.

## How to apply

**Apply early! The best way to apply is online. Party applicants must apply online.** Read the drawing permit hunt application instructions carefully. Fill out your application accurately and submit the correct amount of money. If applying by mail, submit only one application and payment per envelope.

- A hunter may apply on a Drawing Permit Individual Application form OR two (2) hunters desiring to hunt together may apply as a party, but this application must be completed online. For a party application, both hunters apply on the same application and, if drawn, both hunters will receive permits. However, if either hunter is ineligible for any reason, the entire application is invalid, and neither hunter will be entered into the drawing.
- For paper applications, please use check or money order (U.S. funds) made payable to State of Alaska. Cash, credit cards, debit cards and check cards are not accepted by mail. You must apply online to use a credit card (VISA or MC only). There is NO REFUND of application or license fees. Only when too much money is submitted, or the hunt is cancelled, is a fee refunded.
- If you do not apply online, application(s) must be mailed to the address shown above and also shown on the form. It is your responsibility to make certain your envelope is postmarked by November 30. Some post offices routinely pouch mail without postmarking it and send it on to a larger distribution center where it is postmarked 24-48 hours later. We suggest you hand-carry your envelope into the post office, ask that it be postmarked and then look at the postmark to make certain it says November 30 or earlier. A postmark means a U.S. Postal Service postmark -- postage meter dates do not count.
- Applications postmarked by November 30 will be accepted until December 15.
- Hunters who receive a drawing permit DO NOT need general season harvest tickets/reports to participate in a drawing hunt. If you have a general season harvest ticket/report for a particular species in addition to your drawing permit, DO NOT report the results of your drawing hunt on a harvest ticket hunt report -- it creates duplicate information. Properly completed permit reports must be returned by the date specified on the permit, even if you did not hunt or were unsuccessful.
- Drawing results will be available online by February 25 at [www.wildlife.alaska.gov](http://www.wildlife.alaska.gov).
- Detailed hunt area maps are available online at [www.wildlife.alaska.gov/gis/index.cfm](http://www.wildlife.alaska.gov/gis/index.cfm).

## Youth hunting opportunities

A hunter must be 10 years of age or older by the starting date of the hunt to obtain a permit. Hunters aged 10-17 with Basic Hunter Education certification, or hunters under the age of 10, are allowed to hunt on behalf of an adult permit holder, under the direct and immediate supervision of that adult. The adult permit holder must be a licensed hunter, 16 or older, and is responsible for ensuring all legal requirements are met.

## Hunter Education Requirements

Hunter Education is required for hunters born AFTER January 1, 1986, and intending to hunt in Units 7, 13-15, and 20. The following apply:

**If you are 16 years old or older**, you must have successfully completed a certified Basic Hunter Education course.

- **If you are under 16 years old**, you must qualify by one of the methods below:
  - a) have successfully completed a certified Basic Hunter Education course
  - b) hunt under the direct immediate supervision of a licensed hunter who
    - has successfully completed a certified Basic Hunter Education course
    - was born on or before January 1, 1986.

## Deadline for Paper Applications: November 30, 2010

## Apply Online by 5 p.m. (AST) December 31!

Select your hunt numbers, locate your hunting license number and your credit card information, then go online to [www.admin.adfg.state.ak.us/buyonline](http://www.admin.adfg.state.ak.us/buyonline) or mail your completed application(s) to:

**ADF&G Drawing Permit Applications**  
**PO Box 228080 Anchorage, AK 99522-8080**

DO NOT MAIL your application if you applied online for the same hunt. For general hunting information and contact numbers, visit [www.wildlife.alaska.gov](http://www.wildlife.alaska.gov).

## Guide Requirements for Nonresidents

Nonresidents who are citizens of the U. S. are required to be personally accompanied in the field by a licensed guide or be accompanied in the field by a qualified resident relative over 19 years of age within the second-degree of kindred\* when hunting brown/grizzly bears, Dall sheep, or mountain goat.

Nonresidents who are not citizens of the United States (nonresident aliens) are required to be personally accompanied in the field by a licensed guide when hunting any species of big game.

Those intending or required to hunt with a guide should make certain there is an available guide registered to hunt in that specific area. Having successfully obtained a permit doesn't guarantee the availability of a guide.

All hunters, guided and unguided, are responsible for their actions, and should be knowledgeable of all requirements under Alaska State Hunting Regulations.

For information regarding licensed guides, or to obtain a list of licensed guides, contact: Dept. of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing. PO Box 110806, Juneau, Alaska 99811-0806, Phone (907) 465-2534 or visit their web site at: [www.dced.state.ak.us/occ/home.htm](http://www.dced.state.ak.us/occ/home.htm).

## Guide-client agreements required for some nonresident hunts

Some hunts now require a signed guide-client agreement before or at the time of application. These hunts are identified with the "handshake" symbol shown at right.

Select a guide who has a current Guide Use Area (GUA) registration on file for all or a portion of the area where you wish to hunt, for the year the permit is valid. Obtain and complete a guide-client agreement from the guide prior to the drawing application deadline. You are not required to submit your guide-client agreement to ADF&G, but you must carry your agreement (dated prior to the drawing application deadline) with you in the field.

Note: For Kodiak bear hunts, different rules apply.  
See "Guide requirements" found on page 2.

If you are a nonresident hunting with a qualified resident relative over 19 years of age, within the second-degree of kindred\* the guide-client agreement requirement does not apply, but you must check the appropriate box and list your resident relative on the application form.

If you are hunting with a registered guide, first check the box for Registered Guide, then list the guide's name on the line provided. If you fail to provide this information, your application will be rejected.

**\*Second-degree kindred:** A father, mother, brother, sister, son, daughter, spouse, grandparent, grandchild, brother- or sister-in-law, son- or daughter-in-law, father- or mother-in-law, stepfather, stepmother, stepsister, stepbrother, stepson or stepdaughter.

## Guide and Transporter Differences

Hunters should be aware that, except for a registered or master guide, it is illegal for anyone to provide for compensation any supplies, equipment, or services (other than transportation) to a big game hunter in the field. In other words, transporters and individuals cannot legally receive compensation for providing vehicles, fuel, bear bait and/or stations, camping, hunting, or game processing equipment or any hunting services such as cleaning of game, glassing, packing, etc. from a permanent or nonpermanent structure in the field or on a boat on saltwater. Licensed transporters may provide transportation services and accommodations (room and board) only at a personally owned permanent structure in the field or on a boat on saltwater. It is illegal for a transporter to accompany or remain in the field at a nonpermanent structure with a big game hunter who is a client of the person except as necessary to perform transportation services. Unlicensed individuals cannot legally provide transportation service or accommodations for compensation.

## Additional instructions and results of last year's drawing hunts can be found on the back page of this supplement.

### Proxy hunting for drawing hunts:

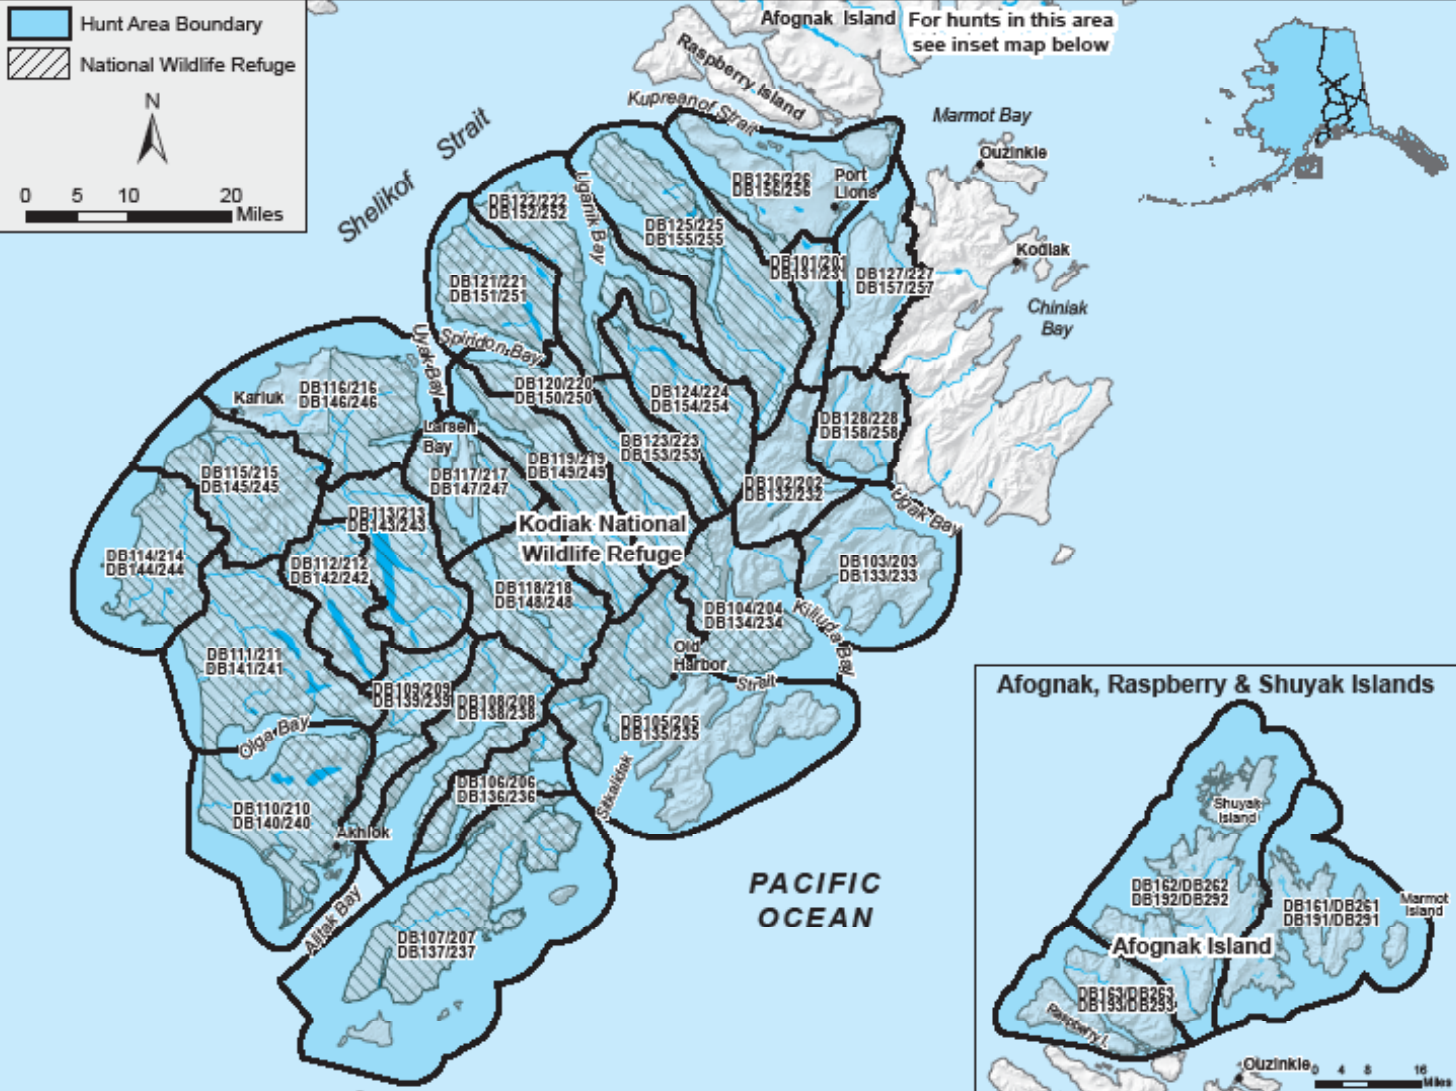

**You may proxy hunt for caribou drawing hunts.** You may only **proxy** hunt for moose in hunts where the legal animal is any bull or antlerless moose. For moose and caribou, antler destruction is required for both the hunter's and the beneficiary's animal. For all other proxy regulations, see the current Alaska State Hunting Regulations.

**Permit Re-Issue for Deployed Military:** Resident active duty military personnel deployed to a combat zone who are unable to use their drawing permit may be re-issued a permit for the same hunt the following regulatory year. Information is available by contacting the Permit Hunt Administrator, ADF&G, Division of Wildlife Conservation, 333 Raspberry Rd. Anchorage, AK 99518-1599. Phone: (907) 267-2246.

Kodiak Brown Bear

Reporting requirements

**Successful Hunters** -- report in person to ADF&G in Kodiak within 2 days after leaving the hunt area, and submit their completed hunt report. The bear skull (unfrozen and removed from the skin) and hide (with claws and evidence of sex intact and naturally attached) must be presented for sealing within 30 days of harvest and prior to leaving Game Management Unit 8. Guided non-residents may leave their bear skull and hide with their guide if they complete a temporary sealing form.

**Unsuccessful Hunters** -- report in person or by telephone (907-486-1880) to an ADF&G representative in Kodiak within 2 days after leaving the hunt area. Completed permit reports must be submitted in person or by mail within 10 days after leaving the hunt area.

Guide Requirements

Nonresident brown bear hunters who are not citizens of the United States (nonresident aliens) must be accompanied in the field by a licensed guide legally registered to hunt in the area. See "Nonresidents Hunting with a Registered Guide" section below.

Nonresident brown bear hunters who are U.S. citizens must be accompanied in the field by a licensed guide legally registered to hunt in the area, or an Alaska resident relative "within the second-degree of kindred."\*\* See "Alaska Residents or Nonresidents Hunting with Resident Relatives" section below.

- Drawing winners will be notified by mail, but permits can only be obtained in person at ADF&G office in Kodiak prior to going in the field. Permits for the spring hunts will be available beginning March 2, 2011.
- All check-in and check-out must be done at the ADF&G office in Kodiak during normal working hours.
- A valid Alaska hunting license, Big Game Tag Record, and brown bear locking tag must be presented before a permit can be issued.
- Hunters are restricted to a 15-consecutive-day hunt period that they must select when they pick up their permit.
- The bag limit is one bear every four regulatory years, and a legal bear is any bear except cubs or females accompanied by cubs. A wounded bear counts against your bag limit for the regulatory year.
- Applicants successfully drawn for a fall Kodiak bear hunt are ineligible to receive another Kodiak bear permit the following spring.

**Residents and 2nd-Degree Kindred Nonresidents (DB200 Series): Application Deadline for all hunts - December 31**  
**Guided Nonresidents (DB100 Series): Application Deadline for Spring hunts - December 31 / Application Deadline for Fall hunts - May 31**

<p>Nonresidents intending to hunt with a resident relative must apply for the DB200 series of permit hunts listed in chart at right.</p> <p>Two nonresidents intending to hunt with a resident relative may not apply on a party hunt application, because only one permit is issued per hunt to a non-resident hunting with a resident relative.</p> <p>A maximum of four nonresidents guided by resident relatives will be awarded permits for each season, with a maximum total of eight permits per regulatory year.</p> <p><b>* Second-degree kindred:</b> <i>A father, mother, brother, sister, son, daughter, spouse, grandparent, grandchild, brother- or sister-in-law, son- or daughter-in-law, father- or mother-in-law, stepfather, stepmother, stepsister, stepbrother, stepson or stepdaughter.</i> (5 AAC 92.990)</p>	Hunt Number		Number of Permits		Residents and nonresidents within 2nd-degree kindred use hunt numbers on left side of this chart when applying; guided nonresidents use hunt numbers on the right	Hunt Number		Number of Permits		<p><b>Guide-Client Agreements are required at the time of application (Dec. 31). In addition, guides may only submit as many hunt applications as permits available for that hunt. A party permit counts as two hunt applications.</b></p> <p>Guided nonresidents may apply for one fall Kodiak brown bear drawing permit (DB100 series).</p> <p>All nonresident Kodiak bear hunters who are not hunting with a resident relative must be accompanied in the field by a licensed big game guide legally registered to hunt in the area. Kodiak National Wildlife Refuge and some private landowners only allow certain guides to take non-resident bear hunters on their lands. Prior to applying for a permit for these areas (marked in the table at left with an asterisk), hunters are strongly encouraged to check on guide availability. A list of the guides registered for particular hunt areas can be obtained from the Dept. of Commerce, Community and Economic Development, Division of Corporations, Business and Professional Licensing, PO Box 110806, Juneau, AK 99811 for a fee of \$5.</p> <p>To reserve their permit, successful applicants must provide the ADF&amp;G office in Kodiak with a copy of a Guide-Client Agreement (available from the guide or on the ADF&amp;G web site) that is completed and signed by the applicant and a guide who is legally registered to hunt within a particular Hunt Area. The deadline to provide the Guide-Client Agreement is the same as the drawing hunt application deadline, 5 p.m. December 31. Guide-Client Agreements can be mailed (211 Mission Road, Kodiak, AK 99615), faxed (907-486-1869) or delivered in person.</p> <p>If a successful applicant cancels a permit (in writing to Kodiak ADF&amp;G), or if a completed and signed copy of the Guide-Client Agreement is not received by the deadline, we will choose an alternate for that permit. Alternate lists for each hunt area are produced during the drawing process.</p> <p>If successful applicants cancel their permits after the above dates, and where there are no alternates for the hunt, unallocated permits will be issued on a first-come, first-served basis starting on the fourth working day after the cancellation is received in the Kodiak ADF&amp;G office. To reserve one of these permits, a hunter or an agent must bring a completed and signed Guide-Client Agreement to ADF&amp;G in Kodiak.</p> <p>If there are no applicants for a drawing permit, or if the alternate list within a particular area is exhausted, we will issue all remaining permits on a first-come, first-served basis starting on August 9, 2011 for the fall hunts. To reserve one of these permits a hunter, guide, or agent must bring a completed and signed Guide-Client Agreement to the ADF&amp;G office in Kodiak in person.</p> <th>Fall</th> <th>Spring</th> <th>Fall</th> <th>Spring</th> <th>Area</th> <th>Fall</th> <th>Spring</th> <th>Fall</th> <th>Spring</th>	Fall	Spring	Fall	Spring	Area	Fall	Spring	Fall	Spring

By mail within 15 days of close of season	<b>Hunt Area:</b> drainages of the Chitina River east of the Chakina River and south and east of the Nizina River. This is a remote area, primarily accessible by light aircraft on small undeveloped gravel strips.	
11 and portion of 13D, Copper River	DI454	up to 24	Sept. 1 thru Mar. 31						<b>Hunt Area:</b> east of the Copper River, south of the Klawasi River, and west of the line from Mount Sanford to Mount Wrangell to Long Glacier west of the Kotsina River and that portion of Unit 13D east of the Edgerton Highway.  If a successful applicant fails to indicate intent to hunt (in writing to ADF&G, Box 47, Glennallen, AK 99588) by Sept. 1, we will choose an alternate for that permit. An alternate list for the hunt is produced during the drawing process.  Hunting opportunity and success on public land is extremely limited. During the hunt period, most bison are found on private lands, where a \$1500 trespass fee is charged. Success is high on private land. If you do not have considerable knowledge of the local area, a considerable amount of time to hunt, or do not plan to purchase the trespass permit, please do not apply for this hunt. Additional hunt information will be mailed from the Glennallen office prior to the hunt.

**Yanert Controlled Use Area** - Unit 20A drained by the Nenana River upstream from and including the Yanert Fork drainage. **The area is closed to any motorized vehicle, except aircraft, for big game hunting, including transportation of big game hunters, their hunting gear, and/or parts of big game.** However, this does not prohibit motorized access via, and transportation of game on, the Parks Highway or the transportation into the area of game meat that has been processed for human consumption.

**Ferry Trail Management Area** - Unit 20A bounded on the north by the Rex Trail; bounded on the west by the east bank of the Nenana River from its intersection with the Rex Trail south to the divide forming the north boundary of the Lignite Creek drainage; bounded on the south by that divide easterly and southerly to the headwaters of Sanderson Creek at Usibelli Peak, then along a southwesterly line to the confluence of Healy Creek and Coal Creek, then upstream easterly along the south bank of Healy Creek to the north fork of Healy Creek, then along the north fork of Healy Creek to its headwaters; bounded on the east by a straight line from the headwaters of Healy Creek to the headwaters of Dexter Creek, then along Dexter Creek to the Totatlanika River, then down the east bank of the Totatlanika River to the Rex Trail. **Open to caribou hunting by permit only.**

**Healy-Lignite Management Area** - Unit 20A, that portion includes the entire Lignite Creek drainage, and that portion of the Nenana River drainage south of the Lignite Creek drainage and north of a boundary beginning at the confluence of the Nenana River and Healy Creek, then easterly along the south bank of Healy Creek to its confluence with Coal Creek, then northeasterly to the headwaters of Sanderson Creek at Usibelli Peak. **Open to hunting by bow and arrow only.**

## How does the random drawing work?

All permit applications are entered into a computer database. Once entered, each application is carefully checked for 18 potential problems such as two or more applications for the same hunt, correct hunt numbers, date of birth, hunting license information, etc. The computer then randomly assigns a number to each hunt on each valid application. The random number is referred to as your draw number. Party hunt applications receive one draw number for each hunt. That is, both applicants on the party hunt application receive the same draw number per hunt, so if that number is drawn, both party members receive a permit. Permits are awarded to applicants with the lowest draw numbers up to the number of permits allocated for that particular hunt. If five permits are to be awarded for a particular hunt, the five permits will be given to the first five lowest draw numbers until the total permit allocation is awarded. For example, if four of the five permits have been awarded, and a party application has the next random number, the party application will be skipped. This is because there is only one permit left available, and two permits would have to be awarded (one for each party member). The permit will be awarded to the next individual applicant whose number has been selected. After all permits have been tentatively assigned for a species, the listing is checked to identify any individuals who have been selected for two permits for the same species. If this occurs, the individual is awarded a permit based upon the first, second or third choice on the permit application. The other permit is then made available to the first individual applicant with the next lowest random number. The process is repeated for all hunts for that species until all possible permits are issued within the rules for awarding permits. Alternate lists are required to be used in a few specific hunts to maximize hunting opportunity. The alternate list is generated from all remaining applicants using the draw order already assigned in the original random draw. If the original applicant drawn does not notify the department of intent to hunt by the date required, the next applicant(s) on the alternate list will be offered a permit, until all permits have been awarded.

# Unit 22 Muskox

The Resident Big Game Tag Fee is \$500 for all muskox hunts.

The Nonresident Big Game Tag Fee is \$1100, and the Nonresident Alien Big Game Tag Fee is \$1500 for all muskox hunts.

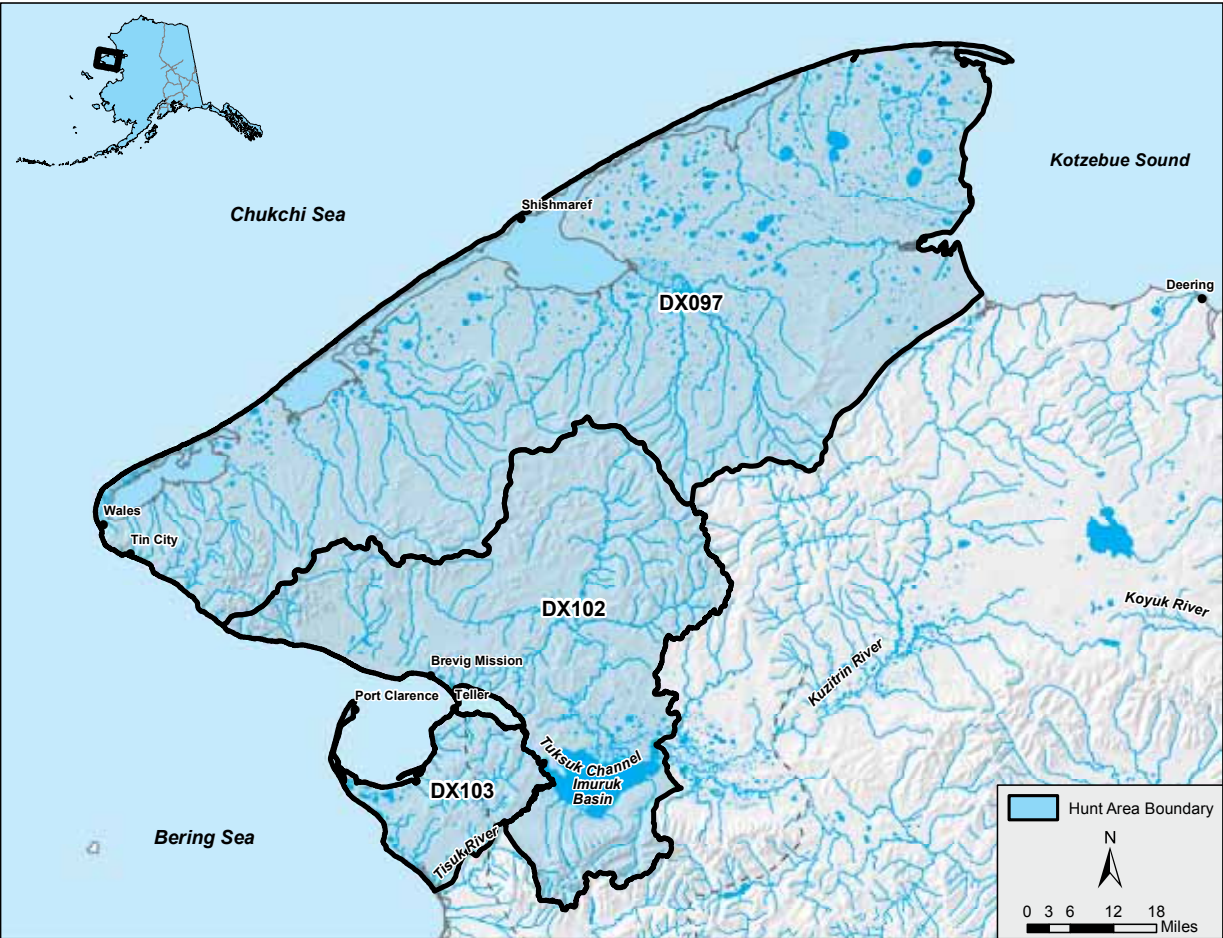

Permits not allowed on federal lands in Unit 22D remainder and Unit 22E.

### Adult Bull Muskox

- large prominent 'boss' covering the forehead
- little or no hair between horn bases
- overall, horns are much more massive than a cow
- horns may be broomed or broken
- old bulls often solitary or found in pairs

**Caution:** Black horn tips are common on bulls, but may also be present on cows.  
Under some light conditions, the white hair on the cow forehead can be mistaken for a 'boss' on a bull.

## Sheep

**Nonresident sheep hunters** must be accompanied in the field by a licensed guide or an Alaskan resident relative "within the second-degree of kindred" as defined on page 1 of this supplement. All hunters, guided and unguided, are responsible for their actions, and should be knowledgeable regarding seasons, bag limits, and legal animals.

**Salvage, sealing and reporting requirements:** Horns must accompany meat from the field, and must remain attached to the skull plate for sealing purposes. All horns taken under a drawing permit must be sealed within 30 days or sooner if conditions require and must be accompanied by the permit report. If you are unsuccessful, report by mail within 15 days of close of season.

**All reporting and sealing must be done Monday through Friday (except holidays). Hours may vary by area office.**

CAUTION: portions of the hunt area are included within Noatak Controlled Use Area- that portion of Unit 23 in a corridor extending five miles on either side of, and including, the Noatak River, including the river; beginning at the mouth of the Noatak River, and extending upstream to the mouth of Sapun Creek. The Noatak Controlled Use Area is closed from August 15 through September 30 to the use of aircraft in any manner for big game hunting, including transportation of big game hunters, their hunting gear, or parts of big game; however, this does not apply to the transportation of big game hunters, their hunting gear; or parts of big game between publicly owned airports.

To improve your chance of drawing a permit:

1. Please read and follow the instructions carefully. Last year, approximately 124,645 applications were received for Drawing permit hunts. About .04% of the total applications were rejected. The most common errors were applying for too many hunts per species, failure to report on a hunt the prior year, and applying for the same hunt more than once. In addition, hunt applications were invalidated due to insufficient payment of application fees;
2. Apply for maximum of three hunts per species per regulatory year;
3. Apply for less popular hunts. The table below lists results of the 2010 Drawings. The column titled “Percent Drawn” gives the percentage of applicants who won permits for each hunt; the higher the percentage, the better the odds of winning. For example, 12% of the hunters who applied for brown bear hunt DB251 won permits, while only 1% of those who applied for sheep hunt DS170 won permits.

Restricted Weapons Hunts

Some drawing hunt areas have weapons restrictions. The certification requirements for these areas vary depending on which weapon you are hunting with:

**Certified Bowhunters Only:** You must have your ADF&G-approved bow hunting education course (**IBEP** or equivalent) certification prior to applying for the drawing hunt. You **MAY NOT** hunt with long bow, recurve bow, or compound bow in any hunt or area restricting the taking of **big game** to archery only unless you have first successfully completed an ADF&G-approved bow hunting education course (IBEP or equivalent). IBEP or equivalent certification courses taken outside Alaska are accepted. **Please be advised**, there are peak draw weight and animal specific equipment requirements depending on the species you are hunting, please see the current Alaska Hunting Regulations for details.

**Certified Muzzleloader Hunters Only:** You must have your muzzleloader hunting certification prior to applying for the drawing. For big game, muzzleloaders must be a shoulder-mounted long gun and at least .45 caliber or larger with a barrel that is either rifled or smooth bore and discharges a single projectile. For hunts restricted to muzzleloader only, muzzleloaders equipped with a scope or using smokeless powder are prohibited.

**Certified Shotgun Hunters Only:** To hunt big game with a **shotgun** in a weapons-restricted hunt, you must have successfully completed a ADF&G-approved Basic Hunter Education course prior to hunting.

If you intend to take one of these courses in Alaska, you should sign up early because classes fill quickly and are seldom offered during the summer. The department currently offers the courses through volunteer instructors and online. The courses include a shooting proficiency test. Names of instructors and course dates are available at regional Fish and Game offices.
